

Towards a safer world

DIFFERENT BORDERS. DIFFERENT WATERS. THE SAME SHARED PRIDE IN YOUR SUCCESS.

Maritime surveillance is critical to ensuring the safety and security of coastal borders and offshore zones. Which is why we have developed scalable airborne surveillance solutions that integrate multiple sensors within a modular mission suite to give a complete overview of the littoral. Already selected by eight nations, they are inherently adaptable to suit your specific requirements for maritime security, search and rescue, border control and environmental protection.

Delivering total maritime domain awareness. Tomorrow's technology is here today.
